TO PHYSICIANS.

1. The attending physician must furnish a certificate to the Department of Health within 36 hours after death, and where death has resulted from infectious or contagious disease a certificate must be furnished by him **forthwith** (Sanitary Code, Sections 135 and 161).

2. All physicians practicing in The City of New York (including those in public institutions) must be registered in the Bureau of Records (Sanitary Code, Section 160).

3. If a person dies from **criminal violence** or by a **casualty**, or **suddenly while in apparent health**, or when **unattended by a physician** or in **prison**, or in any **suspicious or unusual manner**, the case must be referred to the Coroner; any person who may become aware of a death in the manner stated shall report such death forthwith to one of the Coroners, etc., etc. (Chapter 410, Section 1773, Laws of 1882).

4. Certificates **will be returned for additional information** which give any of the following diseases, without explanation, as the sole cause of death:

Abortion,

Gastritis,

Peritonitis,

Cellulitis,

Erysipelas,

Phlebitis,

Childbirth,

Meningitis,

Pyæmia,

Convulsions,

Metritis,

Septicæmia,

Hæmorrhage,

Miscarriage,

Tetanus.

Gangrene,

Necrosis,

(Any one of these may be the result of an injury, and thus be a subject for investigation by a Coroner. If it is not, the certificate should make that fact plain.)

5. No certificate giving "**Heart failure**," "**Dropsy**," or other **mere symptom** as the sole cause of death will be accepted, unless accompanied by a satisfactory written explanation.

6. **Statement of Occupation.**—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. The question applies to each and every person, irrespective of age. For many occupations a single word or term on the first line will be sufficient, e. g., *Farmer or Planter, Physician, Compositor, Architect, Locomotive Engineer, Civil Engineer, Stationary Fireman*, etc. But in many cases, especially in industrial employments, it is necessary to know (a) the kind of work and also (b) the nature of the business or industry, and therefore an additional line is provided for the latter statement; it should be used only when needed. As examples: (a) *Spinner*, (b) *Cotton Mill*; (a) *Salesman*, (b) *Grocery*; (c) *Foreman*, (b) *Automobile Factory*.

TO UNDERTAKERS.

1. No burial permit can be obtained without a proper certificate.

2. Certificates must be written throughout in black ink.

3. No certificate will be accepted which is **mutilated, illegible, inaccurate**, or any portion of which has been **erased, interlined, corrected or altered**, as all such changes impair its value as a public record.
